Please describe your interest in serving on this Board/Commission

Now that I am retired, I have time to contribute to my personal interests. I am a regular visitor to the exhibits at the Visual Arts Center as well as to our local museums and galleries. Over the years, I have acquired a varied collection of paintings from around the world. My paintings come from western Europe, Asia South America and Africa. During my travels I have visited many of the great art museums of the world. My interests in subject matter are broad with very classic pieces, such as landscapes, flowers, portraits, to a number of pieces of modern art. Also, I have a few pieces of sculpture.

I am knowledgeable and interested in classical music having had subscription series seats to both the Pittsburgh and National Symphonies. Finally I am an accomplished dancer ranging from disco to ballroom to country/western.

I believe I could make a contribution to the Committee, not as an artist or a musician. My contribution would be as a knowledgeable person with a long time interest in the arts and knowledge obtained through formal courses, much reading and an active interest in collecting. I would bring a consumer's perspective to the Commission.
